Star Wars Joins Forces With Code.org to Teach You How To Code

BY [ADARSH VERMA](#) ON NOVEMBER 10, 2015 – IN [TECH](#)

An iPhone case holds up to 3 car

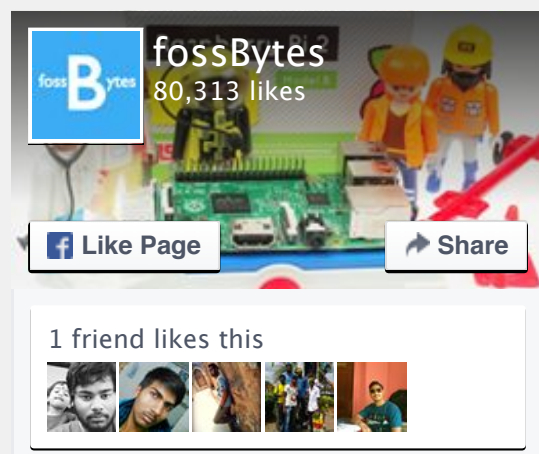

Short Bytes: Code.org has partnered with Star Wars to bring an introductory coding course based on JavaScript. This course starts with the JavaScript basics and guides you to the details with the help of BB-8 and Rey.

If you are aware of the [learn to code](#)

movement, you must have heard about Code.org, a non-profit organization that aims at making coding more easy and accessible to the masses.

Continuing its steps to make coding more interesting, Code.org has introduced a Star Wars JavaScript program that stars BB-8 and Rey.
